MARKET**

DEFINE & SHINE

A high-calorie pellet rich in key amino acids & omega-3 oils, formulated to promote extra condition & muscle definition

SPECIALLY FORMULATED TO SUPPORT

- Weight gain
- Muscle development & definition
- Skin & coat health

RED MILLS FORMULATION FEATURES

- Low starch, non-heating formulation
- Extruded to maximise digestibility
- Calorie dense; helps keep meal sizes small
- Rich in quality protein including branch chain amino acids (BCAAs)
- Contains a blend of oils, including omega-3 fatty acids
- Added Vitamin E

IDEAL FOR

- Horses requiring extra calories for weight gain in a small volume
- Horses needing additional support for muscle & topline development
- Horses needing outstanding coat condition
- Horses requiring low starch, non-heating diets
