

GROCARE BALANCER

A nutrient rich balancer, specifically formulated for broodmares, stallions and youngstock, with added RED MILLS Nutrition Care package

SPECIALLY FORMULATED TO SUPPORT

- Fertility
- Colostrum quality and milk production
- Skeletal development, bone strength and integrity
- Lean muscle mass and topline
- Gastric and hindgut function
- Fibre digestion and nutrient absorption
- Coat condition and shine
- Immune function
- Hoof condition and quality

RED MILLS FORMULATION FEATURES

- RED MILLS Care package
- Market leading formulation
- Rich in essential micronutrients
- Non-heating very low starch formulation
- Cereal grain-free
- Source of quality protein and amino acids

IDEAL FOR

- Providing a low starch, cereal grain free specialist feed
- As a sole feed for horses on a forage only diet
- Topping up a low concentrate diet
- Horses and youngstock requiring an elevated nutrient intake
- Providing a calorie controlled diet e.g. overtopped youngstock
- Youngstock at risk of developmental orthopaedic disorders
- Barren mares and broodmares after weaning
- Feeding during stressful periods
- Horses prone to laminitis, insulin resistance or EMS

Analytical Constituents		Nutritional Additives per kg		Trace Elements	
Crude Protein	30.0%	Vitamins		Iron	600 mg
Crude Fibre	8.0%	Vitamin A	60000 iu	Iodine	6 mg
Crude Oils & Fats	6.0%	Vitamin D3	10000 iu	Copper	195 mg*
Crude Ash	17.0%	Vitamin E	1500 mg	Manganese	325 mg*
Calcium	4.00%	Vitamin C	200 mg	Zinc	600 mg*
Phosphorus	1.60%	Vitamin K3	17.6 mg	Selenium	2.0 mg*
Sodium	0.32%	Biotin	15 mg		
Chloride	0.69%			Zootechnical Additives	
Potassium	1.52%			Digestibility Enhancers	
Magnesium	1.20%			4b1702 Saccharomyces Cerevisiae NCYC	
Starch	3.0%			Sc 47 2x10 ¹⁰ cfu/kg	
Digestible Energy	11.8 MJ/kg			*A proportion of this value is provided by a chelated source.	

Composition

Soya Bean Meal, Soya Bean Extruded, Sunflower Seed Meal, Alfalfa Meal, Mono-dicalcium Phosphate, (Sugar) Cane Molasses, (Sugar) Beet Pulp, Maerl 2.5%, Calcium Carbonate, Magnesium Oxide, Mannan-/Fructo-oligosaccharides 1%, Sodium Chloride, L-Lysine.

GROCARE BALANCER

A nutrient rich balancer, specifically formulated for broodmares, stallions and youngstock, with added RED MILLS Nutrition Care package

Feeding Guidelines

Feeding guidelines are listed per 100 kg of bodyweight.
If fed alongside a complete feed, adjust the balancer intake accordingly.

HORSE IN TRAINING

HORSE IN TRAINING	WORKLOAD	Amount of Balancer g/100kg bodyweight
	Light Work	100 g
	Moderate Work	150 g
	Hard Work	200 g
