

HORSE CARE MASH

A low starch, cereal-grain free, high calorie mash with added RED MILLS Nutrition Care package

SPECIALLY FORMULATED TO SUPPORT

- Balanced nutrient intake
- Hydration & recovery
- Gut motility
- Balanced temperament
- Healthy gastric and hindgut function

RED MILLS FORMULATION FEATURES

- Non-heating, low in starch and cereal-grain free
- Quick-soaking, ready in just 15 minutes
- Contains linseed, a natural source of omega-3 rich oil
- High in easily digestible fibres, including alfalfa chaff
- Balanced levels of essential vitamins and minerals
- RED MILLS Nutrition Care package, including;
 - Added pre- and probiotics to support gut health
 - Chelated minerals for increased bioavailability
 - Elevated levels of biotin for hoof health
 - Long-lasting natural gastric buffer
 - Added antioxidants, including vitamin C, to support immune function

IDEAL FOR

- Horses needing a low starch diet
- Horses requiring additional body condition
- Supporting hydration in horses that travel or compete regularly
- Horses that are easily stressed or temperamental
- Supporting gastrointestinal function
- Supporting muscle function
- Older horses or those with poor dentition

Analytical Constituents		Nutritional Additives per kg		Trace Elements	
Crude Protein	14.0%	Vitamins		Iron	150 mg
Crude Fibre	16.0%	Vitamin A	15,000 iu	Iodine	1.5 mg
Crude Oil & Fats	8.0%	Vitamin D3	2,500 iu	Copper	48.75 mg*
Crude Ash	10.4%	Vitamin E	375 iu	Manganese	81.25 mg*
Calcium	1.63%	Vitamin C	50mg	Zinc	150 mg*
Phosphorus	0.81%	Vitamin K3	4.4 mg	Selenium	0.5 mg*
Sodium	0.31%	Biotin	3.75 mg	*A proportion of this value is provided by a chelated source.	
Chloride	0.64%				
Potassium	1.39%				
Magnesium	0.33%				
Starch	7.0%				
Sugar	8.4%				
Digestible Energy	12.0 MJ/kg				

Composition

Alfalfa Meal, (Sugar) Beet Pulp, Soya (Bean) Hulls, (Sugar) Cane Molasses, Wheat Bran, Soya Bean Flakes (steam cooked), Soya Bean Extruded, Full Fat Linseed, Pea Flakes, Chopped Alfalfa, Apple Flakes, Carrot Flakes, Mono-dicalcium Phosphate, Soya Oil, Maerl 0.75%, Calcium Carbonate, Sodium Chloride, Magnesium Oxide, Mannan-/Fructo-oligosaccharides 0.1%.

HORSE CARE MASH

A low starch, cereal-grain free, high calorie mash with added RED MILLS Nutrition Care package

Feeding Guidelines

Choose your horse's **WORKLOAD** and then either select your feeding rate using the **PER 100 KG BODYWEIGHT** column, or, if you do not know your horse's exact bodyweight, use the closest column to your horse in **BY HORSE WEIGHT** column. The feeding rates are listed as the **DRY WEIGHT**, before soaking.

Feed no more than 400g / 100kg bodyweight per meal.

WORKLOAD	BY HORSE WEIGHT			PER 100 KG BODYWEIGHT
 HORSE ACTIVITY	 Amount of Feed (kg / Day)	 Amount of Feed (kg / Day)	 Amount of Feed (kg / Day)	 Amount of Feed (/100 kg BW/Day)
Light Work	0.8 - 2.4 kg	1.0 - 3.0 kg	1.2 - 3.6 kg	0.2 - 0.6 kg /100 kg BW/Day
Moderate Work	1.6 - 3.2 kg	2.0 - 4.0 kg	2.4 - 4.8 kg	0.4 - 0.8 kg /100 kg BW/Day
Hard Work	3.2 - 4.8 kg	4.0 - 6.0 kg	4.8 - 7.2 kg	0.8 - 1.2 kg /100 kg BW/Day

Horse Care Mash can be fed as the sole hard feed or to replace a proportion of an existing ration. Adjust the intake of the main concentrate feed accordingly.

Mix with a minimum of 2 parts warm water to 1 part Horse Care Mash	
Soak for 15 minutes before feeding
